Goals for the workshop

- Raise awareness that all Nunavummiut have choices about which languages they learn and use.
    - The language choices they make affect the language development of their children, friends, co-workers, spouses, and anyone else around them.
    - People have valuable skills to pass on. Just by using their language skills, they are passing them on.
- Raise awareness that the efforts of each person contribute to the whole goal of creating a bilingual society in Nunavut.
- Raise awareness that bilingualism is valuable and possible in Nunavut.
